Summer Training ⎘
3 month summer training in Techpile Technology pvt limited

Internship ⎘
6 month internship training in MERN Stack Profile.

📁 PROJECTS

E-Notes
create on mern stack technology
E-notes is a basic CRUD application that allows users to create, read, update, and delete records. It can be built using MongoDB for the database, Node.js for the backend, Express for middleware, and React for the frontend.

ShipSagar
The ShipSagar project is built using React and .NET Core. It serves as a tracking website for orders from platforms like Flipkart and Meesho.
